THE NEXT DAY - AS MISTER PERRY AND A FELLOW CLUB MEMBER APPROACH THE CLUB PROPERTY, READY FOR THE GOLF TOURNAMENT -

# GAGS and GIGGLES

"Young man," called the fond parent to a boy in the hall of the Boys' school dormitory, "will you contact Reginald Horace de Voest Vanderwirt III for me?"

The youngster turned and called down the corridor, "Hey, Fats! Your mother's here!"

\* \* \*

Here lies the body of Jonathan Gray!  
He died defending his right-of-way!

\* \* \*

"Good evening, sonny," greeted the salesman. "Are your mother and father home?"

"No, they ain't," replied the little boy.

"Your grammar!" exclaimed the salesman.

"Nah, she ain't home neither!" answered Sonny.

\* \* \*

The president of the small advertising agency called in his brand new assistant. The young man entered the office's sanctum with assurance and eagerness.

"Have you prepared the copy for Jason's Soap?" the president asked anxiously.

"Of course," said the smiling young man. "In fact, since you were detained out of town and the ad had to be taken care of, I already have had it prepared for the newspaper."

"Wonderful!" exclaimed the president. "That's what I call initiative. Ma; I see the copy?"

The assistant proudly set his prepared advertising copy before his boss and then saw the big chief's face suddenly turn dark red and then purple.

This is the ad he read: "Use Jason's Soap for that clean, fresh feeling. But if you DON'T use Jason's Soap, then for goodness sake, use Jason's PERFUME!"

A man who had lost his wallet decided to use "score" strategy to get it back. "The man who picked up my wallet is known and had best return same," went the ad the man inserted in the local newspaper.

The following day another ad appeared in the paper: "The man who lost his wallet may have some by calling at the home of the person he recognized!"

\* \* \*

The new building was a heap of rubble and the contractor came running excitedly to the foreman. "What in the world has happened?"

"I dunno," replied the foreman. "I just started to take down the scaffolding and..."

"What!" exclaimed the contractor. "Don't you know better than to remove the scaffolding while the wind is blowing?"

\* \* \*

The teacher of the geometry class looked severely down upon the vacant face of Tommy Fletcher.

"Tommy," she said with sarcasm, "you look as if you had studied your homework. What is the definition of a circle?"

With difficulty Tommy roused himself from his memories of the basketball game in which he had played the evening before, when he should have been attending to his studies. "Er — yes, Ma'am," he replied, groping through the clouds of his mind for an answer. Finally it came to him in a flash! "A circle is a round straight line with a hole in the middle!"

\* \* \*

Jason was busily shoveling mud away from the rear wheels of his car.

"Stuck in the mud?" asked a bystander.

Jason shook his head sadly. "Nope," he replied. "My engine died and I'm digging its grave!"

An inmate of an asylum rushed into the office of the resident doctor.

"Doc!" he exclaimed, all out of breath. "I'm cured! I want to be released!"

"Is that so?" replied the doctor. "What will you do when you get out of here?"

"I have it all figured out, Doc. I've decided to buy a ranch out West. After I buy the ranch, I'm going to buy several blooded work horses. Then I'm going to dig a hole in front of the ranch house. It's got to be about two feet in diameter and two feet deep!"

"What will the hole be for?" the doctor asked.

"That's a silly question," the inmate said. "If I don't put my feet down in the hole and cover them up, how can I become a kicking post for the horses?"

\* \* \*

"You're always cribbing," said the young wife to her grumbling spouse. "Taxes! The public debt! The work I ask you to do! Suppose you were an Indian at the time the White Man took the country over? Then you would have something to crab about!"

"Oh, yeah?" said the husband. "The Indians HAD no taxes, NO public debt and the women did ALL the work! What would have been so bad about being an Indian?"

\* \* \*

Danger! Live wires! 12,000 volts! Anyone touching same will meet instant death, and in addition, be prosecuted to the full extent of the law!

\* \* \*

Philbert has really made a heap of money with his milk bar. He's actually a multi-millionaire.

\* \* \*

Two businessmen were having lunch. One said, "My office force is demanding a month's vacation now, instead of the usual two weeks."

"Mine already gets a month's vacation," said the other businessman. "Two weeks when they go on their vacations and two weeks when I go on mine!"

A convicted criminal was awaiting execution. The warden came to him and said, "John, you may have anything you want to eat for your last meal. What will it be?"

"A roll of flypaper," the criminal replied.

The warden frowned. "A roll of flypaper? I don't understand!"

"It's like this, Warden. I had an election bet. If I lost, I was to eat a roll of flypaper—and I lost! But rather than keep my part of the bet, I killed the other better. That's why I'm where I am now. But after due consideration, I've decided I might as well settle up!"

\* \* \*

A college man, entertaining a friendly brother at his home, took the friend into town. Suddenly he paused and took his friend's arm.

"Watch me with that half-wit over there," he said. Walking up to the slow-witted one standing in front of a store, the college man held a nickel and a dime in the palm of his hand. "Help yourself," he said to the half-wit.

The slow-witted one grinned and immediately picked up the nickel.

The college man turned to his friend and winked. "He does that every time!" Then turning to the half-wit, he asked, "Tell me, why do you always pick the nickel instead of the dime?"

"Well," replied the half-wit slowly, "just let me start pickin' up the dimes and see how long this little racket of mine will last!"

\* \* \*

"What we want," said the personnel manager to the young woman applying for the job, "is someone with intelligence and imagination. What have you done that is especially clever?"

The girl pondered a moment and then replied, "Why, I've won three crossword puzzle contests and received honorable mention for naming the son of a cow in a radio contest and . . ."

"Yes, yes, of course," interrupted the personnel manager, "but what brilliant things have you done during off hours?"

"Why, all these things I'm telling you about," said the girl.

# BAD SKIN?

Stop Worrying About Pimples, Blackheads and Other Externally Caused Skin Troubles

Try Skin Doctor's Amazing Simple Directions and Be Thrilled with the Difference—Often So Much

## CLEARER IN JUST ONE SHORT WEEK

Have you ever stopped to realize that the leading screen stars whom you admire, as well as the beautiful models who have lovely, soft white skin, were all born just like you with a lovely smooth skin?

The truth is that many girls and women do not give their skin a chance to show off the natural beauty that lies hidden underneath those externally caused pimples, blackheads and wrinkles. For almost anyone can have the natural, natural complexion which is in itself beauty. All you have to do is follow a few amazingly simple rules.

Many women start themselves out of the thrills of life—dates, romance, popularity, social and business success—only because their complexion has ruined them of the good looks, poise and feminine self-assurance which could so easily be theirs. Yet, amazingly looks at your face. The beautiful complexion, which is yours for the asking, is like a permanent card of admission to all the good things of life that every woman craves. And it really can be yours—take my word for it!—no matter how discouraged you may be this very minute about those externally caused skin matters.

Medical science gives us the truth about a lovely skin. There are small spots of dirt and dirt in the air all the time. When these get into the open pores in your skin, they can at times cause the pores to become larger and more susceptible to dirt particles, dust and infection. These open pores begin to form blackheads which become ac-

ceded and bring you the humiliation of pimples, blackheads or other skin troubles. When you neglect your skin by not giving it the necessary care, you leave yourself wide open to externally caused skin matters. Yet proper attention with the double Videmar treatment may show the difference between enjoying the confidence a fine skin gives you or the embarrassment of an ugly, unbecoming skin that makes you want to hide your face.

The double Videmar treatment is a formula prescribed by a skin doctor with amazing success and costs you only a few cents daily. This treatment consists of two parts. One contains Videmar Skin Cream, a jelly-like formula which penetrates and acts as an exfoliant upon your pores. After you use the special Videmar Skin Cream, you simply apply the Videmar Portulac Medicated Skin Cream. You rub this on having an almost invisible protective covering for the surface of your skin.

This double treatment has worked wonders for so many cases of external skin troubles that it may help you, too—in fact, your money will be refunded

if it doesn't. Use it for only two days. You have everything to gain and nothing to lose. It is a guaranteed treatment. Happy at Your dream of a clear, smooth complexion may come true in two days at most.

Use your double Videmar treatment every day until your skin is smoother and clearer. Then use it only once a week to remove stale make-up and dirt specks that clog your pores, as well as to aid in healing external irritations. Remember that when you help prevent blackheads, you also help to prevent externally caused skin matters and pimples.

Incidentally, while your two jars and the doctor's directions are on their way to you, be sure to wash your face as often as necessary. First use warm water, then cleanse with water as cold as you can stand it, in order to freshen, stimulate and help close your pores. After you receive everything, read your directions carefully. Then go right to it and let these two fine formulas help your dream of a beautiful skin come true.

Just mail your name and address to Betty Memphis, care of the New York Skin Laboratory, 104 Division Street, Dept. 945, New York 2, N. Y. By return mail you will receive the doctor's directions and both jars, packed in a safety-sealed carton. On delivery, pay two dollars plus postage. If you wish, you can save the postage by sending the two dollars with your letter. If you are in any way dissatisfied your money will be cheerfully refunded. To give you an idea of how fully tested and proven the Videmar double treatment is, it may interest you to know that, up to this month, over two hundred and twelve thousand women have ordered it on my recommendation. If you could only see the thousands of happy, grateful letters that have come to me as a result, you would know the pay this simple treatment was being. And, think of it—the treatment cost less for you, so it doesn't cost you a cent.
